#### **I want to say thanks to all the volunteers**

A great number of volunteers took an active part in this campaign. The doctors and nurses did everything they could do to save patients' lives without thinking about their own safety. In order to prevent the spread of the disease, some volunteers guided people to wear masks in right ways and advised them to stay at home repeatedly. Some volunteers worked at supermarkets, communities and other public places day and night. They took people's temperature and checked the information before they entered the public places patiently.

I'd like to say thanks to all the volunteers sincerely. In my mind, they are very warm-hearted and selfless, because they spent much time and energy serving others. What's more, they worked hard to build healthier environment for others. Last but not least, they are very responsible. I'm quite lucky and grateful for their great efforts and kind help. I'm sure we can win the war against COVID-19 as long as we pull together.

Good morning, everyone. I'm Li Hua. I'm glad to be here to speak in front of you. Here I'd like to thank everyone of you. The life of Junior Middle School will come to the end soon. But it is so meaningful that I will never forget it. Here I want to say thanks to the people who care for me in the junior middle school.

First of all, I'd like to thank my school and my teachers. My mother school provides such a quiet place for me to study and my teachers teach me knowledge and skills, which will be very important in my future life. Second, I want to thank my

parents. They give me life. And they encourage me and make me feel relaxed whenever I meet difficulties. They tell me to be brave when I want to give up. And now I think I will be a real man. Third, I also need to thank my classmates and friends. They comfort me when I'm down. They keep me from being lonely in the school. They make me feel happy during the three years. Last but not least, I must thank our country. Because she provides me with free books, a beautiful school and a peaceful world.

That's all. Thank you.

One Possible Version:

Dear sir,

I'm a junior student from Guangming Middle School. I'd like to become one of your guides.

I've learned English for 6 years. I spend a lot of my free time listening to English news and watching English movies, so I'm good at English. That is to say, it's not difficult for me to talk with people in English.

I have been interested in science since I was a child. My favorite books are on science. Some new ideas often come out of my mind, which has encouraged me a lot. With these ideas, I have made some small inventions to make my life more convenient.

Besides, I feel like making friends with different people, no matter where they come from. I'm sure that I will get along well with visitors.

I would be most thankful if you could give me a chance.

Thank you!

Yours,  
Li Hua

Dear Henry,

Glad to hear that you'll come to our city by air. I'm writing this letter to let you know I will not pick you up at the airport on time.

I am expecting you to come at 10:30 a. m. But for some reason, I cannot meet you as already planned. I may get there at 11:30 a. m.

I'm really sorry that you might have to wait for me there. There is a good coffee shop near the waiting room. It is about 20 meters on the right side of the airport. The shop has the well-known coffee. Maybe you never try this before. While you are waiting for me, you may enjoy a cup of coffee.

I'm so sorry that I cannot be there on time. If you have any questions, I'll be happy to answer them as soon as possible.

Best wishes.

Yours,  
Li Hua
